GRUPO SAN MARINO

Grupo San Marino: Global Coverage

Grupo San Marino was created in the 1960s as a family enterprise. Nearly 50 years later, this business group employs more than 400 people, and is made up of fourteen companies and six production centres.

IT HAS A STABLE PRESENCE IN SEVERAL COUNTRIES AND IS EXPANDING ITS ACTIVITIES INTO AREAS SUCH AS THE CHEMICAL AND CERAMIC INDUSTRIES. THIS IS WHY GRUPO SAN MARINO CAN MANAGE THE WHOLE PROCESS, STARTING WITH THE EXTRACTION OF THE STONE FROM THE QUARRY AND THEN PROCESSING, MOVING, SELLING AND INSTALLING IT.

GRUPO SAN MARINO

Big or small, here or there: With the greatest care

From the smallest detail to the largest surface area, the mark of Grupo San Marino is evident in buildings as distinct as the Guangzhou Yufeng Garden apartment building in China or Barcelona's World Trade Center.

GRUPO SAN MARINO USES THE LATEST TECHNOLOGY COMBINED WITH AN ENORMOUS RANGE OF MATERIALS, PROCESSES AND TREATMENTS. THAT IS HOW THE COMPANY, THANKS TO ITS ISO 9000 CERTIFIED SYSTEMS, CAN GUARANTEE THE BEST QUALITY AND SERVICE BOTH FOR BIG CONSTRUCTION PROJECTS AND PRIVATE HOMES.

A worldwide presence

SINCE ITS BEGINNINGS, GRUPO SAN MARINO HAS MANAGED ITS EVOLUTION ON THE BASIS OF A CLEAR PRINCIPLE: THE INTERNATIONALISATION OF THE GROUP.

This maxim has helped both our commercial activities and the extraction facilities that Grupo San Marino has all over the world: although the current trend indicates that over the next few years Grupo San Marino will double its participation in the international market, right now it dedicates 70% of production to EU countries and 30% to countries in Asia, Africa and America.

It also has its own quarries and ornamental rock production plants in Spain, Morocco, Turkey and Chile.
